PARKES PASTORAL, AGRICULTURAL & HORTICULTURAL ASSOCIATION INCORPORATED

"OUR FIRST HUNDRED YEARS"

1879	Association formed at a meeting held in the Commercial Hotel on 20 th
	September.
1880	First show held on 19 th February.
1881	Grant of 10 acres for showground.
	First show held on own grounds on 23 rd February.
1884	Special Government grant of £100 to improve grounds.
1885	2 shows held - February & August.
1889	August show attendance of 2,000 for the first day and 3,000 for the
	second day reported by Parkes Independent Newspaper. The accuracy
	of these figures is suspect.
1890	Grandstand built.
1900	Fence altered to allow public to travel around the ring.
	Secretary's salary set at £40.
	Government subsidy for the year was £99.
1901	Tender of £59/7/0 accepted for additions to the cattle yards.
	1000 schedules printed for £7/10/0.
1902	Secretary's salary raised to £50.
	New Luncheon room to be erected at a cost not to exceed £40.
	A new Bar to be erected between Pavilion and Grandstand at a cost of
	£80.
	The tender of Parkes Band of £9 to play for 2 afternoons at the show
	was considered too high and the Secretary was advised to try to get a
	price from The Welcome (Parkesborough) Band.
1903	February meeting – Box trees on ground are to be removed. The
	Secretary is to arrange to have it done as cheaply as possible. As soon
	as the season broke, a supply of pepper trees is to be obtained and
	planted on the western side of the ground. The effects of the 1902
	drought were still being felt.
	Tender of Parkes Band of £4 to play for 2 days was accepted.

1904	Poultry pavilion erected and extended in later years and Luncheon Room floored.
1905	Pavilion to be extended by a skillion 15ft wide for the entire length of the building at a cost of £69/7/0.
	Tenders invited from Parkes and Welcome Bands with the Parkes Band being engaged for £7.
	According to the President's annual report, improvements effected
	during the year include an "Agricultural Hall" and an up to date trotting track.
1906	First organised District Exhibit at show.
1907	Tender of £48 accepted for new entrance gates.
1908	Secretary's salary raised to £100 per year.
	Show postponed for 2 weeks owing to visit to Sydney of the American Fleet.
1908	The main portion of the present sheep pavilion appears to date back
	from 1908 when plans were approved for a building to include two
	champion pens in the centre and raised off the ground. A tender of
	£450 was accepted.
1909	Caretaker to be employed at £1 per week of 3 full day's work with the
	right to provide draught horse to graze on showground except on show
	days. The association is to provide dray and harness.
	Woodchopping contest is to be dropped from show.
	The telephone was installed at an annual cost of £4.
1910	Pavilion to be extended by 40 feet without floor and a fruit stall to be erected on the eastern end. A tender was offered by Mr Dodd of £195/1/0.
	Exhibitors of wheat to be required to show a sheaf of wheat of the same variety as exhibit.
1913	7 acres on the western side of the showground was purchased from Palmer & Leighton.
	In his annual report the President made mention of the inadequacy of
	the Luncheon Room with the Parkes-Narromine line due for opening
	before the next year's show, he foresaw the need for additional
	facilities to cater for "the thousands who will throng from the north and
	west when the line from Narromine is open". It appears these
	optimistic expectations of greatly increased show crowds were not realised.

1914	Alteration in rules for wheat exhibits substituting 1 bushel bins in place
	of former 4 bushel bag.
	Caretaker's cottage erected during the year.
	Decision to run special train from Peak Hill for show following opening
	of Peak Hill-Narromine line.
1015	Government subsidy to cease.
1915	Mr W. Clarke elected Life Member on enlistment to Army.
1916	Committee enlarged to 40 persons.
	£50 donated to War Chest Fund.
	Mr Jim Cobley elected Life Member on enlistment to Army.
1917	As a result of the protracted railway strike, no special trains were able
	to run, and the show receipts were affected.
1919	Attention drawn to the traffic danger from cars for hire at show time.
	Entrance fee for vehicles of non-members fixed at threepence per
	wheel.
	State Governor Davidson officially opened the show.
	The Association showed a loss of £15/7/6 on special trains due to
	severe influenza epidemic which was then raging.
1920	Show days changed to Tuesday & Wednesday.
1921	G.W. Seaborn resigned as Secretary in February. In the 21 years he had
	served as Secretary some £3,500 had been expended on improvements
	and purchase of land.
	Show days changed back to Wednesday & Thursday.
	James Heel appointed as Secretary in March at a salary of £140 pa.
	A wheat crop competition was inaugurated during the year.
1922	Show days again changed to Tuesday & Wednesday.
	James Heel resigns as Secretary. Salary of new Secretary to be £125
	plus 5% of membership fees and specials.
	L.S. Seaborn appointed Secretary in May.
	Tenders called for filling in dam and building causeway on northside of
	showground. Before connection to the town mains, this dam supplied
	water for show stock and for stock agisted on the grounds between
	shows.
	Fallow competition organised.
1924	New Luncheon Room built behind Grandstand.
	Loss on special trains of £18/15/0.
1925	Loss on special trains of £25/7/8.
1926	Special trains from Peak Hill and Trundle dropped.

	Forbes train to continue.
	Association received £2/4/7 representing 10% of profit earned by
	Forbes train.
1927	Tender received from Dean & Corby of £848/11/0 and accepted for
1321	erection of new pavilion damaged by windstorm in 1926, with the new
	building being 10' wider and 10' longer than the previous one.
1927	By a special arrangement with McGlynn & Co and R.S. Howard & Sons,
1327	the 2 main stores in town, they were permitted to erect their own
	pavilions on the showground on payment of £21 each year for 5 years,
	with arrangements to be reviewed after that period.
1928	Main pavilion extended at a cost of £484/17/0.
1929	Because of congestion, consideration was given to moving machinery
1323	exhibits to the western side of the ground, but the matter was dropped
	after objection by the machinery firms.
	The Secretary reported having great difficulty in getting monies in being
	a reflection of the depression then being experienced.
1930	A motion, that the President be eligible for election for 5 consecutive
	years was lost.
	Loss on special trains of £3.
1931	Annual General Meeting moved from Shire Hall to Tattersalls Hotel.
1932	At the Annual General Meeting, the matter of running a night show was
	mentioned but the President was of the opinion that the matter could
	be discussed at some future time when the outlook was more
I	
	favourable.
	favourable. At the March meeting a motion was passed that a Committee be

4064	
1964	PA system was purchased by the Association from Eric Waters of
100-	Condobolin for £230.
1965	Committee increased to 75 members.
1966	Levelling of ground: Immediately after the 1966 show, the biggest project ever undertaken by the Association was commenced. This was the levelling of the arena which incidentally involved the removal, relocation and reinstallation of fencing, light poles and sewer. A Government loan of \$20,000 was received and the responsibility for repayment for half of the amount was assumed by the trotting club. The earth moving portion of the contract was awarded to R.A. Green for \$8,000 from 3 other tenders received. With additional work carried out, the contractor was eventually paid \$9,000. After arena relevelling, the entire 7 acre area was re-covered with 8 inches of loan and committee members planted sprigs of kikuyu lawn. Construction of terraced banks along the northern side of the arena, provides excellent spectator facilities for 10,000 people. The cost of the completed project worked out as follows:- Earth moving \$9,000 Relocate sewer \$1,900 Extend cyclone fence \$1,900 Lighting relocation \$1,900
	Electric light installation \$1,100 totalling \$17,800.
1967	Floodlighting: Following the successful completion of the previous contract, a proposal for a complementary scheme to floodlight the arena was favourably received. The electrical engineer of the RAS, Mr McEachran, visited the showground to advise on the proposal and give some indication of likely cost. His preliminary estimate was \$12,750. The lighting recommended was by the new Japanese Toshiba mercury vapour lamps. The committee decided that if sufficient funds could be obtained by public subscription they would be prepared to go ahead with the plan. The public appeal was well supported and from January 1967 to the end of the year \$13,600 had been subscribed, including \$1,000 from the Leagues club. With the apparent success of the appeal in sight, earlier in the year the materials were ordered, and the work of installation was underway before completion of the 1967 show in August. Early in August the 70 foot towers were set in position on their

ase arranged and lease of previous premises cancelled at cost of 00. The Arts building transferred to showground on 7th March. Soplay of early farm machinery.
